Use Xello to view and manage your high school and college applications, track your progress, and receive personalized recommendations and advice.

1 Access the College Planning Tools

Goals

& Plans link in the top menu or on the **Dashboard**.

This page is a central hub to view all the applications you're tracking, and local scholarships available. Or check out the Knowledge Hub with topics to help you plan for college.

2 Create an Application to Track

Click **Create Your First Application** to choose the college you want to track your application with.
