

Stripling Middle School Valentine Parent Event

It's always fun to show someone that you care. The Ft. Worth After School Program at Stripling Middle School had a parent event to highlight how our students care about their friends and family! Students created homemade cards with lots of colorful hearts to give to people they treasure. We worked as a team to cut out a stack of hearts to share and then cut, glued, taped and wrote sweet words to make the final product! Of course, every card is better with chocolate, so a chocolate kiss was added to each card made!

Our students and their families also got to participate in more yummy goodness by making chocolate covered marshmallows and chocolate covered pretzels! They loved making these sweets treats and couldn't get enough! Students took as many goodies as their hands could hold!
