Priority Problem Statements	8
Comprehensive Needs Assessment Data Documentation	9
Goals	10
Goal 1: Early Literacy Increase the percentage of 3rd grade students who score at meets grade level or above on STAAR Reading from 34% to 47% by August 2024.	11
Goal 2: Early Math Increase the percentage of 3rd grade students who score at meets grade level or above on STAAR Mathematics from 34% to 45% by August 2024.	13
Goal 3: CCMR Increase the percentage of students graduating with a CCMR indicator from 43% to 48% by June 2024.	17
Goal 4: Learning Environment (based on the BOE constraints) Ensure all students have access to a safe, supportive and culturally responsive learning environment.	19

E. M. Daggett Elementary School

E. M. Daggett Elementary School is a neighborhood school located south of downtown Fort Worth with an enrollment of 577 students in PK-5th Grade. Approximately 50 percent of our students qualify as part of the Dual Language Program through 5th grade with the other 50 percent served in our Regular Program/ESL classes. 90 percent of our

projected to Meet or Master STAAR. **Tqqv"Ecwug** Current master schedule has not allowed for the implementation of quality systematic weekly PLC Cycle with clearly defined outcomes and lookfors.

Rtqdig o "Uvcvg o gpv"4 Only 27% of 5th grade students are on track to meet SAT satisfactory performance. **Tqqv"Ecwug** Quality PD including the implementation of the ELPS, has not been prioritized, systematically/consistently provided specifically in our self-contained in order to support all students with their math growth.

Uejqq"Rtqegu" ("Rtqitc o u"Uw o o ct{

Rtqhguukqpcn"Rtcevkegu

PLC plan is developed at the beginning of the year with the end in mind. In the next school year we want to outline our PLC calendar to include having 1 week for data meetings, 1 week for reviewing and documenting interventions, 1 week for analyzing student work, and 1 week for professional development; Our main goal is to create leaders within our teachers by having PLCs teacher-led. As of now, all committees both social and academic, are teacher-led with roles and responsibilities clearly outlined.

Rtqegftgu

- Lesson plans include all components to help promote gradual release (I do/model, we do, you do followed by a formative assessment piece). Teachers use their data during the PLCs to plan re-teach lessons and focus on specific TEKs and objectives to help build their lessons.

In July, the principal, AP, and data analyst collaborated together and created the Master Schedule and PLC calendar with the intention of creating longer planning per-

Uvwfgpvu

Overall students feel okay about school. They don't hate it, but they don't love it, they simply like it. I think too often our students feel like they are already behind when they enter the next grade level. We think the students need to fix their growth mindset but at the same time the teachers do also. The children get frustrated when they start a new school year and are already hearing how behind or how low they are. They also have an irrational fear of testing and moving on to the next grade in general, which shouldn't be the case if they feel confident in what they have been taught in the classroom. Safety for our students isn't an issue, but they don't feel like they belong or are really needed in
