<p>Action Step 2: Write a paragraph describing the process of photosynthesis. Use the following information to help you write your paragraph:</p> <ul style="list-style-type: none">Photosynthesis is the process by which plants and other organisms use sunlight to synthesize foods from carbon dioxide and water.It usually involves the absorption of light energy by a green pigment called chlorophyll.The process takes place in the chloroplasts of plant cells.The overall equation for photosynthesis is: $6\text{CO}_2 + 6\text{H}_2\text{O} \xrightarrow{\text{light energy}} \text{C}_6\text{H}_{12}\text{O}_6 + 6\text{O}_2$
